- Outcomes

  HLI is ranked the 12th top program in the country by *US News & World Report*. The national rank rose consistently during my tenure, despite the introduction and expansion of competing programs.

- Academic Programming & Curriculum Administration

  HLI offered four certificates, dozens of courses, a clinic, and externship placements. My responsibilities included: (i) course scheduling; (ii) course sequencing; (iii) developing new courses; (iv) developing academic policies; (v) managing a $300,000 budget; (vi) supervising staff and student assistants, (vii) recruiting adjunct professors, (viii) maintaining adjunct professor relations, and (ix) publishing and maintaining, across multiple platforms, accurate information about our academic offerings and policies. I also helped develop a new M.S.L. degree focused on healthcare compliance.

- Event Planning

  HLI offered over a dozen academic and practitioner CLE / CE events each year. Event planning consists of: (i) developing a curriculum, (ii) recruiting speakers, (iii) promoting the event, (iv) introducing and moderating presenters, and (v) administering the event onsite. I also organize three or four health law career panels each year.

- Student Services

  HLI served a variety of student constituencies, including: (i) the student body as a whole, (ii) students interested in health law, (iii) students in the Student Health Law Association, and (iv) students interested in a health law certificate. I advised these students, helped with their event planning, and provide other student services. I conduct substantial one-on-one advising as well as numerous orientation and information sessions.

- Program Marketing

  I promoted the school and HLI to a variety of external constituencies, such as local practitioners, alumni, advisory boards, and prospective students. I had a central role in drafting, editing, and updating our marketing materials. I significantly expanded both the depth of content and the navigability of the HLI website. I prepared and distributed a weekly newsletter, the *HLI Brief*. And I prepared a detailed annual report, *HLI Highlights.*
