**Comments:**

6I Pope and Sandler are always worthwhile

6I: Very thought provoking

6I - Interesting stuff - very broad topic - would have been better as a two session option. Had to go through things so fast!!

Sandler: An expert presentation and masterfully delivered; eloquent with good interjections of humor. This can be difficult and divisive content-- Sandler presents with evenness and ease.

Pope: Thorough description throughout presentation. His political statements were overstated and may have been offensive to some-- assumptions that all embrace the same political position on the issues diminishes his overall effectiveness and ability to enlighten the audience in the legal nuances. Many in hospice and pall care shift their stances/positions over the career. He needs to watch being overly harsh.

more clarity on complex information re: futility

I would suggest considering Dr. Pope as a key note speaker

Thank you for the futility conversation! Very helpful!!
