Additional Comments

What was the best thing about this course and/or instructor?

The best thing about the instructor is his knowledge and ability to teach and challenge one's views and create a different perspective.

Very organized and clearly cares a great deal about helping his students succeed. He responds to inquiries almost immediately and is always available to talk.

One-on-one meetings were extremely helpful

His attention to each student and the variety of student interests being represented. Further, the professor

provided helpful research material throughout the semester.

I liked the format (only meeting 3 times and having one-on-one conferences)

How could the instructor improve the course?

less meeting time if that's even possible.
