Academic Work Experience

I. Tenure Track Positions

Hamline University School of Law, St. Paul, MN

Associate Professor of Law, January 2012 –

- Courses: Health Law: Quality & Liability; Bioethics; Medical Law at End of Life
- Service: *See infra*

Hamline University School of Law, St. Paul, MN

Director, Health Law Institute, January 2012 –

- Academic Programming & Curriculum Administration
HLI offer four certificates, dozens of courses, a clinic, and practicum placements. My responsibilities include: course scheduling, course sequencing, the development of new courses, the development of academic policies, managing a \$300,000 budget, supervising staff and student assistants, recruitment of adjunct professors, adjunct professor relations, and the publication and maintenance, across multiple platforms, of accurate information about our academic offerings and policies. I also helped develop a new M.S.L. degree focused on healthcare compliance.

- **Event Planning**
HLI puts on over a dozen academic and practitioner CLE / CE events each year. Event planning consists of developing a curriculum, recruiting speakers, promoting the event, and administering the event onsite. I also organize three or four health law career panels each year.
- **Student Services**
HLI serves a variety of student constituencies, including: the student body as a whole, students interested in health law, students in the Student Health Law Association, and students interested in a health law certificate. I advise these students, help with their event planning, and provide other student services. I conduct substantial one-on-one advising as well as numerous orientation and information sessions.
- **Program Marketing**
I promote the school and HLI to a variety of external constituencies, such as local practitioners, alumni, advisory boards, and prospective students. I have a central role in drafting, editing, and updating our marketing materials. I significantly expanded both the depth of content and the navigability of the HLI website. I prepare and distribute a weekly newsletter, the *HLI Brief*. And I prepare a detailed annual report, *HLI Highlights*.
